

Dear players and friends of the paintballsport.

It has to start again – life, the daily business, the passion.  
All of us are missing paintball.

A whole nation is waiting all together for some detailed information to orientate on.  
The uncertainty and the broken opportunities to set up some plans are demoralizing.

To bring back some kind of planning reliabilities here are some lines to orientate on and to give you some security that events will start this year.

Yours health, the health of your team and also of your family are the most important points for decisions that will be made. And for sure there will also be hygiene concepts as known.

The following rule will describe how to find the date when a decision will be made for the taking place of a tournament:

The date of the event will be taken and a step back of four weeks will be done and the following Monday will be the decision date. If it will be sure on this date that it is possible to run the event itself and one week before a training, the decision will be that this event is going to get started.

The following table will show you all the different dates and also the decision dates:
